

Dear Student,

As a starting point for your degree studies, we are asking you to complete a small photography project. During the first part of the course, you will be asked to show this work within your new student year group.

Summer project theme:

A Sense of Place

Create a series of 12 images on the given theme. You should choose a single place/area to create this project on but should try to capture the essence and ambience as you experience it. Consider how the images together may evoke a story. This project should explore one place only and should be a personal creative exploration.

Please bring your 12 images as jpeg files, with you, at the start of your study.

If you have any questions or problems with this task, please contact Manuel Gross, BA (Hons) Photography Course Leader on 01432 845372 or m.gross@hca.ac.uk

Have Fun!
