What Brings Me Joy

As young people and 'young artists' beginning Level 2 at HCA, you will no doubt be worried and excited about making new friends, having new experiences, and getting used to life as an HCA student. Throughout this time getting to know each other and your teachers will be important.

You will have all had a variety of experiences in the past, and throughout the summer, but we want you to focus on the positive and to start your new course with joy. All we ask is that you are brave, curious, and willing to work on your creative endeavours.

Your Task

Create one outcome that records one event or a series of moments that have had a positive impact on you or brought hope and joy into your world. You could choose from one of the following:

- Gather items these could be objects that evoke positive memories, these could be photographed and or arranged in groups and drawn from.
- Create a small (A5) sketchbook/flip book with drawing (these can be in any material) documenting these moments from your world.
- Create a short film (2 minutes, using your phone) that tells us what your positive/brought joy moment looks like through, images, text and sound.
- Adapt and manipulate your photographs of your objects.
- Create painting documenting your positive/brought joy moment/feeling.
- Create a garment or piece of textiles you might have worn during positive/brought joy moment.

Your positive/brought joy moment will be individual for each of you.

Use whatever media or processes you like. The only rule is to be ready to share it when start in September. **We look forward to seeing you then!**
