

UAL Level 2 Diploma in Music Performance and Production (Music)

We would like you to complete the following tasks assignment over the summer in preparation for joining us in September.

Acoustic/Unplugged Performance Research:

Please select an acoustic/ unplugged gig from a band of your choosing to talk about with the rest of the year group when you join us in September.

This will be a great opportunity for you to share something about yourself and your music taste with the group and break the ice straight away. Remember, there are no wrong answers with this task.

We can't wait to hear about the variety of performances that the group brings to discuss and look forward to seeing you in September!
